Your program of work is your master plan to lead the local chapter. It is a **must** for effective chapter management. Your program of work is a comprehensive plan of action. The program of work is your collection of goals and overarching ambitions. Like a road map, the program of work informs members of where they are going, how they will get there, and when they have arrived. In addition, a program of work evaluates what has been done for use in future programs. It is a timely, specific itemization of the chapter's priorities or objectives to meet current challenges.

Depending on the size of your chapter, you may choose to identify committees to work on certain project areas. If a project is to be assigned to a committee – be sure to note that on the table below.
